

OUR MEASURES FOR YOUR SAFETY AT EL CORTADOR

TABLE SEATING 6 OR LESS

Following government regulations, currently we are only allowed to accept tables of 6 people or less.

All our tables have been placed 1 metre + apart to ensure social distancing.

Once we've allocated you a table, we politely ask that you do not mix between tables.

CONTACT TRACING

One person in your group is obliged by law to provide us with their contact details for tracing purposes.

If you can, we recommend you download the NHS Track & Trace App and scan our QR code on arrival.

SANITISING

We require all guests to use our hand sanitiser when they arrive and these are available around the restaurant for frequent use by staff and customers.

FACE COVERINGS

It is still a requirement for guests to wear a face covering at all times, except when seated.

All our staff will be wearing a face covering for your safety.

CONDIMENTS AND CUTLERY

Sanitised condiments are available on request and cutlery will only be placed on your table once seated.

CLEANLINESS

Hygiene has always been our priority and our dedicated team will ensure you have a safe and comfortable visit, so they regularly clean and sanitise all public and food preparation areas as a matter of course.

A WARM WELCOME

After all that, we want to ensure you still get a warm welcome, so although we can't hug and handshake there will always be a friendly face welcoming you at El Cortador.

We hope to see you soon!
